

Post-Doctoral application

“Down syndrome and cross-pathologies”

The candidates should be presented by institutions/Research Units, but a past, present or planned international mobility is mandatory. The application must be submitted in English, in due course, through “PDF” and “Word” format online, and **in only one complete document (including the letters from the two referents) and following the chronological order of APPLICATION below.** It must respect the template structure provided and the page limit (total of 3-pages maximum) and additional documents in Appendix (with 6-pages maximum) -CV, Motivation letters...-

To be sent to: Postdoctoralsisleyjeune@fondationlejeune.org

. Step 1: Define locally a single point of contact at institution, and then the candidate submits the research proposal with the name of the local contact at the institution.

APPLICATION / (for administrative department -do not enter-)

<ul style="list-style-type: none"> • Administrative information
<ul style="list-style-type: none"> • Information on the name of the Institution who will host the candidate, • information on the point of contact to establish the contract • Information on the candidate who will do the research and confirmation of an actual temporary employment of the candidate • Information on the localization of the Research
<ul style="list-style-type: none"> • Part: Research Project (1 Page)
<ul style="list-style-type: none"> • Project title • Keywords • Start and end date, • Summary of the project • Explanation why this project fall in the scope of the eligible thematic focus
<ul style="list-style-type: none"> • Part: Research Plan (1 page) • Part: Project tasks plan with Budget (1/2-page max.) • Part: Short description of the host laboratory/group (1/2-page max).
<ul style="list-style-type: none"> • Appendixes: 5-6 pages max.
<ul style="list-style-type: none"> • Short bio of the future supervisor of host institution • Contribution to a better understanding of important hazards and risks • Detailed CV, current affiliation of the applicant and including mandatory information: PhD related information, previous institution, career breaks, international exposure, planned host institution, participation to colloquia, • Extended list of the most relevant publications Names, Institutions (Research Unit) and references letters and emails, • Two reference letters.

“Down syndrome and cross-pathologies”

APPLICATION administrative information

Institution who will host the candidate:

- Generic name of the Institution:
- Name of the point of contact from this Institution who will host the candidate:
 - Last Name:
 - First Name:
 - Function / role:
 - Postal address:
 - ZIP Code:
 - City:
 - Country:
 - Email address:@.....
 - Phone: (..).....

Candidate who will do the research:

- Name of the candidate who will be hosted by the Institution described above:
 - Last Name:
 - First Name:
 - Function/role:
 - Nationality:
 - Actual Postal address:
 - ZIP Code:
 - City:
 - Country:
 - Email address:@.....
 - Phone: (..)..... Cell Phone: (..).....

- Location of the research:
 - Laboratory Name:
 - Affiliation:
 - Head of the Lab:
 - Last name:*
 - First Name:*
 - Title*
 - Function/role:
 - Postal address:
 - ZIP Code:
 - City:
 - Country:
 - Email address:@.....
 - Phone: (..)..... Cell Phone: (..).....

“Down syndrome and cross-pathologies”

APPLICATION (1/3) (to be done in Calibri -11)

Research Project: 1-page maximum

- *Project title*
- *Keywords*
- *Start and end date*
- *Research project including relevance of application, potential ethical issues*
- *Innovativeness / innovative nature of the research proposed*
- *Long term objectives*
- *Specific aims*
- *Progress beyond the state-of-the-art; proposal bibliographical references (1-page max)*
- *Explanation why this project fall in the scope of the eligible thematic focus*
- **IMPORTANT:** *The adequacy of your project with this “Down syndrome and cross-pathologies” thematic and potential benefit for both populations have to be clearly explained by the candidate.*

“Down syndrome and cross-pathologies”

APPLICATION (2/3) (to be done in Calibri -11)

Research Plan: 1-page maximum

Experimental plan [aims, methodology (including design justification, power and statistical analysis), material and methods including statistics, if applicable: patient population definition and accessibility], experimental strategies; work packages and tasks (1-page max.)

“Down syndrome and cross-pathologies”

APPLICATION (3/3) (to be done in Calibri -11)

Budget and Host Laboratory: 1-page maximum

- *Project tasks plan with Budget (1/2-page max.)*
- *Short description of the host laboratory/group with 10 most relevant publications in the past 3 years (1/2-page max).*

“Down syndrome and cross-pathologies”

APPLICATION APPENDICES (to be done in Calibri -11)

5-6 pages maximum

- *Short bio of the future research supervisor of host research institution with main publications (1-page max.)*
- *Impact of the research (1-page max.): contribution to a better understanding of important hazards and risks; impact on society/communities.*
- *Applicant: detailed CV, current affiliation of the applicant and including mandatory information: PhD related information, previous institution, career breaks, international exposure, planned host institution, participation to colloquia, extended list of the most relevant publications.*
- *Names, Institutions (Research Unit) and email addresses of 2 referents: referents will be contacted by you in advance to submit their reference letters (1-page max per letter). The applicant's post-doctoral advisor writes the first letter and the second letter has to be written by a different referent, preferably the applicant's previous advisor). These two reference letters will have to be attached to the application.*
